Food on the Move

Food on the Move!

Salvation Army

This week was our final week helping out with Food on the Move at the Salvation Army. This project was a favourite among the YV's, and they were always eager to go. We can almost call ourselves professional sandwich makers now! Over the course of the summer, we assisted with making sandwiches, bagging carrots, and packing bags with juice, cookies, and a granola bar. By the end of the summer, the YV's knew exactly what needed to be done and were eager to help!

Year of the Community Gardens

Community Gardens

This week we wrapped up our final community garden for the year! The growing season may be coming to an end, but Mr. Sun was still shining down on us. We gave the plants a good drink of water while also pulling weeds and ridding the plants of notorious potato bugs. We are so grateful for the opportunity to assist so many community organizations with their community gardens. This summer we became experts in weeding, mulching, planting, and all things gardening. We look forward to lending our services to community gardens in the future!

Year End Wrap Up

Child & Youth Friendly Saskatoon

Where did the summer go?! Some volunteer project favourites this summer were: Food on the Move, Sum Theatre Sidewalk Chalk, Habitat for Humanity (ReStore), and Salvation Army Backpacks. Although we were running by the seat of our pants most of the time, the youth definitely enjoyed the journey. It was amazing to see them blossom and become more comfortable with us throughout the year. As Team Leaders, being around youth who were so determined to volunteer--especially during a pandemic-- was truly inspiring. It is so fulfilling to know that these youth will one day be leading the generations to come and we cannot be any more proud!
